

COVID-19 Announcement

As a valued Neighborhood Community Federal Credit Union member, you are our top priority. I want to let you know we take the health and safety of our members and employees very seriously. As the coronavirus continues to spread throughout the world, we want to let you know we are taking steps to help protect you and our employees.

We have reviewed with our employees the precautions they need to be taking in order to keep themselves and our members safe. We have taken extra measures to clean and sanitize high-touch areas in our office several times a day. Also, we will be limiting physical contact with each other and our members.

For the safety of our members, staff and families, we are closing the lobby effective immediately. We strongly encourage all members to practice social distancing and follow the guidelines of the CDC.

Here's what you can do to help in the weeks ahead:

- Use our drive-thru facilities or an ATM
- Use online services or your phone to transact your business with the credit union.
- Submit your loan application over the phone or online and set an appointment time to come in and sign paperwork.

We will continue to monitor the situation closely and evaluate additional measures to insure the health and safety of our members and employees.

Even in times of a global health crisis our Credit Union team is here for you

Thank you for choosing Neighborhood Community Federal Credit Union
